

Mike Perillo-Gentile

**Global Market Development Manager, Medical
Lead DSM Engineering Materials**

Mike Perillo-Gentile joined DSM Engineering Materials (DEM) in May 2021 and is responsible for DEM's medical business and operations strategy. DSM Engineering Plastics is one of the world's leading suppliers of engineering thermoplastics offering a broad portfolio of high-performance products. Mike joined DSM in 2015 as a Business Development Manager for DSM's Biomedical Division.

Mike has spent his entire career in the medical device industry, holding positions of increasing leadership responsibility with multinational companies including Stryker and Zimmer-Biomet. Prior to joining DEM he worked in various engineering and sales roles most recently working as Senior Manager of Commercial Development for DSM Biomedical where he held global business development responsibilities with key med-techs OEMs.

Perillo-Gentile is based in Morristown, New Jersey, holds a Bachelors degree in Biomedical Engineering from Rensselaer Polytechnic Institute (RPI), Troy, NY, USA. He has also completed a marketing & Sales leadership development course at the Vlerick School of Business in Brussels, Belgium. He has worked on various philanthropic and sustainability initiatives including volunteering as a business consultant for the United Nations World Food Programme in Zambia, Africa in 2019.
