

Jongho Park

*CEO & Executive Board Member
SONGWON Industrial Group*

Jongho Park has driven SONGWON's international journey, successfully steering global expansion and playing a key role in transforming the company from a local Korean manufacturer into a leading global specialty chemicals organization. A respected and valued leader, Jongho is strongly committed to ensuring that SONGWON continues leveraging its pioneering spirit and proven innovation expertise to maintain its position as a leading player in the plastics industry.

Committed to delivering on SONGWON's vision, he makes recommendations, and advises the Board on organizational changes and new opportunities.

Jongho Park also plays a key role in investor relations and focuses on fostering solid relationships with all stakeholders to secure a bright future for SONGWON.

During his career, Jongho has held numerous senior leadership positions with various globally operating organizations and has acquired over 20+ years of international business experience. He received a Bachelor's degree in Chemistry with a Minor in Mathematics from Boston University, USA in 1996.

It's all about **the chemistry™**
