

Biography

Jean-Guy Le Helloco

Executive Vice President, Home & Personal Care and Amines, Syensqo

Based in Singapore, Jean-Guy Le Helloco has been leading Solvay's Novecare global business market of Home & Personal Care (HPC) and Amines as Executive Vice President since January 2020.

Starting his journey with the group (legacy Rhone-Poulenc) as Process Engineer in 1993, he moved to the Industrial and Oil & Gas market in 2000 as Business Development Manager. In 2005, he became Business Director for Home & Personal Care in Europe, Middle East & Africa (EMEA) until 2010.

In 2010, he moved to China and took the role of Asia General Manager and Business Director of Solvay Rare Earth System for six years. After that, he was posted to Singapore in 2016 to be Solvay Novecare Asia Pacific Regional Product Management & Distribution Director, and in 2017, he took the role of Home & Personal Care Asia Pacific Regional Market Director.

Jean-Guy has achieved his PhD in Electrochemical Processing from INPG Grenoble (France) and Texas A&M University (USA) on top of his Chemical Engineering degree from Ecole Nationale Supérieure de Chimie de Paris (ENSCP).
