### **Sabrina Mizael**

*Product line and EMEA business development manager for the Skin Care market, Syensqo*

Sabrina has a double expertise in cosmetic formulation and in marketing particularly in the skin care segment. Sabrina has 14 years of experience in the field of cosmetic ingredients. After 7 years of product management for specialty functional ingredients like emollients, emulsifiers or rheology modifiers at Seppic, she then took responsibility of Seppic key accounts management. She joined Symrise in 2022 as Senior Global Product manager in the Business Unit Micro Protection, part of Symrise Cosmetic Ingredients division leading launch and product line management. She is now part of Syensqo Novecare Home and Personal Care division as Product line manager and EMEA Skin care BDM to reinforce the focus on the skin care activity.
